

Unlocking and evaluating

How do I unlock Karaoke Creator?

To unlock Karaoke Creator you need to purchase the unlock code from [Power Karaoke website](#). The unlock code will be delivered via email. Once you have it select **Unlock** command from Help menu.

The unlock code need to be copied or loaded from the text file. If it is accepted all limitations will be removed and you will see your name in the **About** dialog box.

What are the limitation of the trial version?

Unregistered version of Karaoke Video Creator has the following limitations:

- You are not able to save PK3 files (you may create video files though)
- Vocal remover will remove vocals from first minute of the song
- Karaoke video will contain trial version watermark
- Trial version prompt will appear from time to time
